

Join in the fourth Webinar run by CELA in partnership with APPI:

"Understanding speaking assessment: what every teacher should know"

What's the best way to assess speaking? What criteria should I use when assessing speaking? What is the difference between face-to-face and computer-based speaking tests? These are some of the questions teachers face in their jobs. This webinar will address these (and other) questions and will focus on key aspects of speaking assessment, such as test tasks and the skills they tap into, scoring speaking tests, and how speaking tests can benefit learners.

Speakers: Luísa Geão and David Bradshaw

Luísa Geão has been working in ELT for more than 15 years as a teacher, editor and teacher trainer, both in Portugal and abroad.

At the beginning of 2016 she moved to Madrid to be part of the Cambridge English Language Assessment Spain & Portugal team, working as Network Services Manager.
